

Project Proposal: STEM Mentorship Podcast for Youth

Introduction

The **STEM Mentorship Podcast for Youth** is a two-day virtual launch event featuring podcast-style conversations with professionals in science, technology, engineering, and mathematics. The goal is to inspire youth to explore STEM pathways by sharing personal stories, practical advice, and access to valuable career-building resources. The initiative promotes early engagement in STEM by fostering mentorship, awareness, and community support.

Project Goals

This 2-day event will:

- **Launch two podcast-style mentorship sessions** on March 22nd and 23rd, 2025
- **Engage at least 1,200 youth participants** through live streaming and on-demand access
- **Provide career planning guides and scholarship resources** to support STEM ambitions

These goals contribute to the broader mission of improving STEM participation and building mentorship opportunities for young people.

Methods and Strategies

The event will feature:

- **Live podcast-style interviews** with STEM professionals who share their journeys and lessons learned
 - **Interactive Q&A sessions** with attendees for real-time mentorship and dialogue
 - **Downloadable career resources**, including scholarship lists, career paths, and STEM field guides
 - **Social media outreach and school partnerships** to reach a wide youth audience
-

Activities and Tasks

Phase	Key Activities	Timeline	Responsible Party
Planning	Confirm guests, outline topics, and develop content	Week 1	Project Lead
Preparation	Create resource materials and set up digital platforms	Week 2	Project Lead + Production Team
Promotion	Distribute flyers and launch social media campaigns	Week 3	Marketing Team
Event Delivery	Host 2-day podcast launch with live mentorship Q&A	Week 4	Project Lead + Guest Mentors
Follow-Up	Collect feedback, analyze metrics, and compile report	Week 4	Data Analyst

Implementation Plan

The 4-week timeline includes:

- **Week 1 – Planning:** Confirm speakers, develop themes, and draft interview outlines
- **Week 2 – Preparation:** Record intros, finalize tech setup, and prep resource bundles
- **Week 3 – Promotion:** Execute outreach to youth programs, schools, and STEM networks
- **Week 4 – Execution & Reporting:** Launch 2-day event, collect engagement data, and report results

Both podcast sessions will be made available for continued listening post-event.

Resource Allocation & Budget

Category	Description	Cost (CAD)
Speaker Fee	\$150/day for 2 guest mentors	\$300
Zoom Platform Fee	Streaming access for live podcast sessions	\$100
Equipment Rental Fee	Audio/video gear for recording	\$50
Flyer Creation & Distribution	Podcast graphics and digital promo content	\$50

Total Budget

\$500

This efficient budget allows for professional-quality delivery with minimal overhead.

Monitoring and Evaluation

Project success will be measured by:

- **Download and attendance metrics** for both podcast sessions
 - **Q&A interaction and feedback forms** from participants
 - **Resource downloads and link tracking** for guides and scholarship tools
 - A **final impact report** will be submitted with full engagement, learning outcomes, and budget use
-

Conclusion

The **STEM Mentorship Podcast for Youth** connects young people to role models, insights, and educational tools that can shape their future. This two-day digital event delivers mentorship in an accessible and inspiring format, ensuring youth walk away with a clearer vision for their path in STEM.
